

2009 TARRICA WINE CELLARS SAUVIGNON BLANC • Paso Robles

An aromatic and lively Sauvignon Blanc with a light straw color. Citrus, grassy-stone fruit aromas. Medium-bodied with citrus and stone fruit flavors followed by flinty notes and a refreshing fruit finish.

FOOD RECOMMENDATIONS

This dry and crisp wine is the perfect match for foods with herbal sauces and a wide range of seafood from shrimp to swordfish. This wine will also compliment tossed or dressed greens, corn tortillas, fruity salsas, fish tacos, and polenta.

Tarrica Wine Cellars 2009 Sauvignon Blanc, was fermented slowly, at low temperature, in 100% stainless steel tanks to ensure both the fruit and freshness of this wine.

VINEYARDS

Tarrica Wine Cellars sources grapes primarily from the Paso Robles viticultural area, which is ideally situated for growing premium varietal wine grapes. Nestled slightly inland, the warm, clear days are insulated from clouds, fog, and severe winds so sufficient heat reaches the grapes. Following sunset, a marine layer moves over the region and cools temperatures approximately 50 degrees, providing conditions conducive to maintaining outstanding acid structure and overall balance.

Most consider this fluctuation to be a key component to the varietal character displayed in the resulting wines.

Tarrica Wine Cellars is a small, family owned winery started in 2000 in the Paso Robles Wine Country. The focus of our winery is to produce value priced wines that are a clear expression of viticultural origin and varietal flavor.

The winery released its first bottled wine in April of 2003. Our wines are available at selected restaurants, markets, and wine shops located on California's Central Coast, and throughout the United States.
